

Kickstarter Projects

30.111 Entrepreneurship (EPD)

November 2017

Here are 10 projects that were just launched on Kickstarter this week by student teams formed during the 30.111 Entrepreneurship Course. Students apply their learnings to launch their product campaigns that will last for a month. Do check them out, back your favourite project, and pre-order the products you like!

PLUSBOARD (Kickstarter's Staff Pick)
